MOVIAXIS[®] Multi-Axis Servo Inverter
Information on the Current UL Approval of the Line Components

1 UL Approval of the Line Components

	INFORMATION
	This information sheet complements or updates the following publications regarding the confirmation of the UL approval for line filters and line chokes: • Operating instructions "MOVIAXIS[®] Servo Inverter", part number 16677617, edition 04/2010 • System manual "MOVIAXIS[®] Servo Inverter", part number 16678028, edition 05/2010 • Catalog "MOVIAXIS[®] Servo Inverter", part number 11553014, edition 04/2010 • Manual "MXR Supply and Regenerative Module", part number 16944828, edition 06/2010

1.1 NF.. line filter for MXP supply module

Independent of the MOVIAXIS[®] multi-axis servo inverter, the listed NF... line filters have a component approval.

- NF018-503
- NF048-503
- NF085-503
- NF150-503

1.2 ND.. line choke for MXP supply module

Independent of the MOVIAXIS[®] multi-axis servo inverter, the listed ND... line chokes have a component approval.

- ND020-013
- ND045-013
- ND085-013
- ND150-013

1.3 NFR.. line filters for MXR supply and regenerative module

Independent of the MOVIAXIS[®] multi-axis servo inverter, the listed NFR.. line filters have a component approval.

- NFR075-503
- NFR111-503

UL Approval of the Line Components

NFH.. line filters for MXR supply and regenerative module

1.4 NFH.. line filters for MXR supply and regenerative module

In conjunction with the MXR units, the NFH line filter is a UL-listed accessory.

1.5 NDR.. line choke for MXR supply and regenerative module

Independent of the MOVIAXIS® multi-axis servo inverter, the listed NDR... line chokes have a component approval.

- NDR075-083
- NDR110-083
